Other Upper Division Communication Electives

The list above is just a few of the many Communication courses offered abroad. Often, even if a course is not the direct equivalent of a Communication course offered at Boise State, it can still count towards credits required for your emphasis area. Any upper division Communication elective can count towards the upper division Communication elective credits required for the major or minor.

Disciplinary Lens Courses (DLs)

It is also possible to fulfill some of the disciplinary lens requirements while abroad, particularly the DLN (Non-Lab Science), DLL (Literature and Humanities), DLS (Social Science), and DLV (Visual and Performing Arts) requirements. Even if the course is not equivalent to a course on the approved list, you can contact Foundational Studies to see if they will approve a substitution.

Course Finder

A full list of all pre-approved courses can be found on the ILO website: http://international.boisestate.edu/academic-information/coursefinder/. Be aware that not every course is offered during every term, so you should consult both the program website and the Course Finder when planning your courses. It is also important to meet with your academic advisor, to ensure that you are staying on track with regard to your academic plan.

Approval Process

It is possible to take courses that are not listed on the Course Finder. If you would like a course to count as an equivalent to a specific Boise State course, you must take a course description or syllabus to the chair of the appropriate academic department. If the course is not something Boise State offers (i.e., Italian History), the course will simply count as an elective.
